RE - ELECT
HARRIETT V. LEECH
(Incumbent)
CITY TREASURER
Torrance Election
APRIL 8, 1958
Qualified by Two Terms of
Efficient, Honest Service

School Group Plans Talks

The South Bad Eds will hold their monthly meeting 7:30 p.m., April 10th, at the Hawthorne School District Administrative Bldg., 319 E. 120th St. The program is designed to be of particular interest to this group as Mrs. Bette Wells, in-service training coordinator for Los Angeles City School District clerical staff, is the speaker. Mrs. Wells edited the Handbook of Information published by the California Association of Educational Office Employees.

Small Fire Reported

A sack of sewing equipment left on a floor furnace at the Harold Franklin home, 3321 W. 182nd St., caused a small fire Monday, according to Torrance firemen.

... Isen

(Continued from Page 1)
owners groups, and labor expressed his pleasure at the pleasure at the unusual interest being shown in this municipal election. "The more people that take an active interest, the better government we'll have," he said. Speaking on specific issues, Isen answered the HERALD's Sunday editorial deploring the generalities of the campaign and asking about stands on the issues at stake. His statements on various issues suggested:

"On the subject of library services... The Library Board, which I strongly advocated, is now a legally constituted city commission. I know that the members of the commission will cope with the problem of supplying Torrance with library services. I would urge this commission to set up a library district comparable to our Torrance Unified School District. I believe that such a proposition will bring us library services at a rate lower than the 12 cents quoted if we join the county library system."

"On the subject of drainage... The minutes of last week's council meeting would reveal my feelings on this subject. At that time I suggested that the people appear to be only concerned with the drainage problem when it rains. I also suggested that the problem is a year-round problem and should be treated as such. I further suggested that the new council approve the formation of a Drainage Commission to study drainage problems in cooperation with the city engineers, and to present solutions to the council for adoption."

"Parks and playgrounds... It is unfortunate that the subject of parks and playgrounds is considered by some in a political light. Our first concern should be the welfare of the children of our community. I believe that existing parks and playgrounds, properly developed, will take care of our current needs, but I also believe that we must look to future needs. The bond issue on the April 8th ballot covers both items. Some individuals say that the bond issue is not large enough, and does not cover everything. This might be true—but let me pose a question. Would a low or high bond issue be more acceptable to the public? Which would have the best chance of passage? "Police protection... As the mayor of this city, and as an individual citizen, I am proud of our low crime rate. I believe that our law enforcement agencies are doing an excellent job, but I believe as the city continues to grow, our budget must be adjusted to include provisions for a larger police force. As an individual's property increases in value, and he takes out additional insurance coverage, so must the city consider additional police protection as it grows in size. "Street lights... The city council records will again indicate my feelings on this subject. I was instrumental in introducing an ordinance instituting subdividers to provide light standards for new residential areas. Street light assessment districts are being considered. I think that Torrance is one of the poorest lighted cities in this state, and I also believe that the council and city agencies should continue to study this problem and present a solution at the earliest possible time. "Off-street parking... I believe that the off-street parking problem is being solved. I, however, also believe that the problem is an involved one, and that much remains to be done. "Master zoning plan... I would consider an over-all master plan of zoning for the city on its merits and the recommendation of the planning commission. "I hope that the Torrance HERALD will publish these remarks of mine with the same thing in mind as when they published and asked certain questions—we are both interested in the same thing—and informed public coting on April 8th. He concluded the pre-election statement with a personal note saying, "As a private citizen, I am grateful for the excellent coverage which the Torrance HERALD has given the forthcoming election. I also hope that such forceful reporting will help stimulate the voting public and eliminate the apparent apathy."

VOTE FOR HERMA TILLIM
★ QUALIFIED
★ EXPERIENCED
FOR
CITY CLERK
NEXT TUESDAY

10 REASONS WHY...

- 1 Independent Representation — Responsible to no one but the PEOPLE of Torrance.
- 2 Demonstrated interest in the Government for ALL the PEOPLE of TORRANCE. In four years on the Recreation Commission was not absent from one meeting. Attends most of the City Council meetings and many meetings of other Commissions.
- 3 Proved integrity and ability by operation of own business the past six years. Before that held positions of trust in private business and government.
- 4 Provident and foresighted. She has secured a very competent manager for her personnel agency in order to give complete and undivided attention to the business of the City of Torrance as your City Clerk.
- 5 Always available to listen to you and try to help you solve your problems. She is experienced and trained to study and solve both business and civic problems.
- 6 She is the proud holder of the Trophy for the "Woman of the Year" 1957 in the Civic and Cultural division.
- 7 She is a widow having raised her daughter from infancy to become a successful business woman and wife.
- 8 She owns her home in Torrance and hopes to spend the rest of her life here.
- 9 She is experienced in a competitive world to take advantage of progress.
- 10 Her record proves she is DEDICATED to your service.

48 Yds. Completely Installed \$4.20 Weekly

IF... you live in the Torrance area your floor plan should require around 48 square yards of carpeting... and we guarantee that you'll not find carpeting of this quality at lower prices anywhere!

NOT 33 1/4 or 40 sq. yds. that so many stores advertise as being average. Baker's advertises a price that is realistic. That is, a price including carpeting, labor, 40-oz. padding and 2-door chrome metal stripping for 48 sq. yds. which is about your required yardage.
